Jim Weller
Weller Construction
P.O. Box 3063
Sonora, California 95370

Dear Mr. Weller,

I wanted to relay to you my appreciation of a job well done. Your no-nonsense attitude and personal touch were refreshing. The project was executed almost flawlessly and with total support from your company. The building was assembled better than it was drawn and I attribute that to your extensive experience and knowledge. You made sure that our current patients were unaffected during your work only a few feet away. Thank you for all you have done for us and when I need to build again, I will come to you first.

Best regards,

Robert LoBue, R.T.(R.)(T.)
