To Whom It May Concern:

It is my distinct honor and privilege to recommend Mr. Jim Weller and Weller construction for professionalism, attention to detail, ethics and expertise as a contractor of vaults for linear accelerator installation. Prior to hiring Mr. Weller, we researched his company and performance and came up with one constant fact throughout the human and veterinary radiation oncology community: Mr. Weller is the best there is. We concur. Mr. Weller's entire team performed at a professional level that amazed us, our general contractor and the building inspectors in San Diego County. He and his entire team worked well with others and exceeded all expectations. I therefore recommend him without hesitation or reservation and ask that you contact me at your earliest convenience for additional details about Mr. Weller and Weller construction.

Sincerely,

Gregory K. Ogilvie, DVM
